

**ORDINANCE #2007-16**

**AN ORDINANCE AMENDING THE TOWN OF PONCHA SPRINGS  
STANDARD DESIGN CRITERIA AND STANDARD CONSTRUCTION  
REQUIREMENTS**

**WHEREAS**, the Board of Trustees has reviewed the Standard Design Criteria and Standard Construction Requirements; and

**WHEREAS**, the sections dealing with the extension of mains is not consistent between the water main extensions and the sewer main extensions; and

**WHEREAS**, the Board of Trustees desires that when water mains are under construction, the water mains should be extended to the far edge of the property to be served, or to the edge of the platted subdivison, as is the requirement for the sewer mains.

**NOW THEREFORE BE IT ORDAINED**, the Standard Design Criteria and Standard Construction Requirements is amended as follows:

Section 01010 -- WATER LINE DESIGN CRITERIA

a. FUTURE CONNECTIONS

- A. ...Water mains must be extended to the far edge of the property to be serviced, or to the edge of the platted subdivision.**

**PASSED AND APPROVED THIS 26<sup>th</sup> DAY OF NOVEMBER 2007, BY THE BOARD OF TRUSTEES OF THE TOWN OF PONCHA SPRINGS, COLORADO.**

/s/ \_\_\_\_\_  
Mark F. Thonhoff, Mayor
